

Maximizing ARPA Funds

Savvy local government leaders are taking action...

The recently enacted American Rescue Plan Act (ARPA) allocates \$1.9 trillion in stimulus funding nationwide, with more than \$27 billion coming to Texas. Although details are still being worked out, we can predict over \$4 billion to be earmarked for Texas agencies. That said, expect refinement and further regulatory guidance to follow.

This is an unprecedented opportunity for you to secure valuable funding for the small and medium-size businesses in your jurisdiction that were most impacted by the pandemic.

...helping the businesses hit hardest by government orders.
